Hamlin Pied Pipers On Their Way After Smashing Munday 20 to 0

Right now it looks like Hamlin has a District winning foot ball team—Ye Pied Pipers cleared a lot of brush in your cold rainy, muddy game with the Munday Moguls here last Friday night, for a clear cut-away for the District championship.

20 to 0 over the much boosted and great Munday Moguls is not so bad. Now let's see what you can do for Albany this very Friday night.

The Herald is glad that the Munday Times misjudged Hamlin last Friday night. That good paper indicated to its readers last week that the Munday team would be treated "coolly" in Hamlin or that they would meet a cool reception in this Friendly Hamlin town. Well, Hamlin folks can't help what the weather does, and if a lot of courtesies and boosting visitors mean anything, Hamlin did not act ugly toward Munday, but gave that fine team and splendid people of Munday a real cordial welcome. That's what it should be every time a neighbor plays a neighbor.

The game with Munday was played under great difficulties. It was too cold, sloppy, rainy for that big crowd in Hamlin that wanted to see the game. However, it is estimated that the crowd was as large in the bad weather as it was when Hamlin played Haskell. All kinds of rain shields were seen that night—on foot, on backs and high and low. It was worth the treatment to see a game like that played anywhere.

It so happened that Tommy Hill got a chance to show the Munday boys his heels when he received a punt, and raced some 70 yards for the first touchdown for the Pipers, and he was the hero of the hour on several other plays . . . but there is Alvin Johnson, who always gets in where his running and blocking count and thus keeps up his record.

Hamlin Pipers tackle the Albany Lions this Friday night and then there is but one more conference game—Anson, in Hamlin on the 'Old Thanksgiving date, November 28th, the last Thursday of the month, and then it is that Hamlin is going to try to be "Thankful" for having the privilege of seeing the home boys play in what may be their District winning game.

Open End Coin Envelopes for sale at the HERALD OFFICE.

*Farm Security Exhibit Is Shown At Anson

The Jones County FSA personnel recently displayed an educational exhibit at the Anson Pioneer Hall for the Annual Chamber of Commerce Banquet.

Two hundred families have been assisted in 1940 to help themselves through the FSA in Jones County. The purpose of the FSA is to assist worthy families to become rehabilitated through following out their own farm and home plans, keeping of records, producing, canning and storing of a year's supply of food for the family; producing feed and storing in trench silos for the livestock and producing cash crop to repay FSA loan. Two hundred people attended the Chamber of Commerce Banquet.

Shell Pipe Liners In Meeting and Banquet

Shell Safety Chapter met at the Morgan Hotel, Tuesday, Nov. 5th, 1940 at 7:30 P. M., for the purpose of conducting their regular Safety meeting and to elect new officers for the next four months. After the election and installation of officers, we proceeded to the dinner room where we were treated to a big turkey dinner by Shell Co. Try and feed 40 pipe liners a turkey dinner and see if you have not done something.

D. M. Farrell of St. Louis Shell Pipe Line Corporation, presented the chapter with an interesting motion picture of war-torn Europe. Believe me after seeing the picture, we were all very proud that we were on this side of the pond. Mr. Farrell gave us also, a thirty minute talk on conservation of man power by taking advantage of the Safety points that they teach.

Another speaker for the evening was H. E. White of Colorado City, Texas, who presented certificates to seven of our employees as a reward for being perfect on their First Aid examinations conducted by the Bureau of Mines last summer.

L. E. GRIFFIN, Publicity Chairman

METHODIST CHURCH

Rev. John W. Hendrix, Pastor

We have already had our last Sunday in this conference year. When you are reading this, more than likely, the pastor will be at Annual Conference which meets in Pampa on next Friday at 3:30 P. M. Bishop Ivan Lee Holt of Dallas will preside. Then this being true it is but mete and proper that the pastor should consume a little space offering thanks to all who have contributed to a most happy year in the ministry, one of the most pleasant of all of them. And yet, it is difficult to find a place to begin—would be equally as hard to find a place to end. Of course, at first, obligations must be acknowledged to the church served the past year. The desire is that each one who has contributed to the success of the work have co-operated, to these are first thanks. Then my club—the Rotary—has been unflinching kind, generous and encouraging. They have furnished an hour of good cheer each week, which is remembered and keenly appreciated. Then the town in general has been universally kind and considerate. This must also be remembered. And here our list must stop as time would fail to mention others who wrought well and were helpful and encouraging. It would give great pleasure to mention many by name, space forbids. And again we say, THANKS.

SERVICES next Sunday at the morning hour. This service is under the sponsor of the Men's Bible class. It seems not yet within common knowledge as to who will address the church; some one will be brought in, some capable man. It will reward you to look into this service.

Leagues will be at the usual hour 6:45 P. M.

No evening service.

BAPTIST CHURCH

Armistice Day celebration on Monday did not help Sunday School attendance on Sunday. In fact, if some enemy had invaded our Sunday School last Sunday we would have been defeated. There wouldn't have been enough of us to drive the enemy back. Had only 216—over a hundred less than the preceding Sunday.

This should mean that everyone will make an effort to be here Sunday. Holiday season is always hard on church, and it will call for our best when there is no holiday. Be in the morning and evening services this coming Sunday.

Our Brotherhood will meet Monday night. We are anxious to have a big rally of our men. Rev. H. R. Whatley, pastor of the First Baptist Church of Haskell will be our guest speaker. Bring a covered dish and come. We will have supper together at 7:30.

Watch for announcement about big Thanksgiving Celebration next week. It is the kind that will glorify God.

H. E. EAST, Pastor

Card of Thanks

We are deeply grateful to our neighbors and friends for the many responses of sympathy and tokens of love shown our families in the tragic hours of sudden death of our dear husband and son and brother, Clifton. To every one connected with us so kindly in this sad hour we thank you and pray God's blessings on every one.

Mrs. Clifton West
Mr. and Mrs. J. H. West
and Children

Mr. and Mrs. E. F. Fahey went to Hico last Sunday to visit their brother, J. W. Fahey and family. They were joined by their sister, Mrs. J. G. Pluto and husband of San Antonio and two other sisters of Mr. Fahey.

If it is CARBON PAPER you need come to The HERALD

The Red Cross Call Is Now On In Hamlin

This week the drive started to enlist Hamlin people in becoming members of the Red Cross Roll Call. It means that each one who becomes a member contributes just 50 cents to the National Red Cross organization, which generally during the year to follow has many urgent calls to aid humanity. A membership is \$1.00 and only fifty cents leaves this community. However one may take out as large a membership as he may feel called upon to take—say \$10.00 which again means only 50 cents leaves Hamlin and the \$9.50 remains here to care for some emergency that may come along. Each year a community chest is arranged in Hamlin which augments the Red Cross fund. Any money not expended is carried over into a new year. Every home in Hamlin should become a member of the Red Cross.

Rev. and Mrs. John W. Hendrix are leaving this Friday for the Northwest Texas Annual Methodist Conference in Pampa, Texas. Rev. Hendrix is closing his first year in Hamlin and he and Mrs. Hendrix say Hamlin has proved to them the most delightful of all towns they have served. Rev. Hendrix has done some fine work in his church. However, when the Conference time comes around not many Methodist ministers can be certain what another year holds for them, as to assignments.

W. R. Townsend of the Hitson community lost his aged mother by death in the Merkel hospital last Sunday. She was more than 90 years of age according to report of Mr. Barrow whose services were asked in the funeral and funeral was at Brady Monday. The funeral was conducted in a community church near which the family formerly resided near Brady and interment was in the Brady Cemetery.

Conrad Barton, who is a dry goods salesman in Dayton, Texas, had a good time visiting home folks in Hamlin the past week end. Conrad is a young fellow with a wonderful personality and while at home with his parents and Hamlin friends his friendly radiance was all the more noticeable. Conrad says the Herald is his weekly visitor and he always is waiting to hear from Hamlin.

Mrs. A. G. Griffin, who is up in the 80's, came into town from her son's home at the Shell Station, to enjoy the day Sunday with her daughter-in-law, Mrs. D. F. Griffin and family. Others visiting were Mr. and Mrs. Cleve Griffin and Miss Agatha Griffin of Abilene, and D. F. Griffin Jr. of Inks Dam, near Burnett.

Mr. and Mrs. M. P. May, Mr. and Mrs. Tate May and son, James, spent the week end in Norman, Oklahoma, visiting Dr. and Mrs. Carl Rister.

Mr. and Mrs. H. O. Cassle and Mr. and Mrs. Arlie Cassle spent Sunday in Brownwood where they were joined by their son, H. O. Cassle, Jr., of Waco, and Mrs. Arlie Cassle's parents, Mr. and Mrs. C. B. Allbritton, also of Waco.

Winter Bounced Down Tues. For Early Count

About the hour the Abilene Reporter-News was spreading the news that this part of the nation had escaped the much talked about unseasonal, deathly cold snap racing east and south from the Rockies, then it was that a whiff of icy wind hit Hamlin town and by six-thirty P. M. Tuesday, November 12, had passed the freezing point. Winter came almost with one big jump, down to freezing of grass, lawns, trees, flowers and everything before one could blink his eyes.

Automobile owners hustled for anti-freeze and a lot of summer radiators were drained for the first time in months.

How cold did it get, and was it a record? It was cold to the lower twenties and seemed to be a record. However, once upon a time, icy-slush was on the streets in Hamlin on Armistice Day . . . don't you remember?

Sunny Texas can come out of an early freeze and have lots of fine spring days before this 1940 is gone. But nobody will be able to bring cotton blooms into Hamlin on Christmas Evening as they did last year.

This cold weather makes one feel like "hog killing time" is here and can't you almost smell the sausage and spare ribs cooking? Yep, it sure was cold, and IS cold yet.

Seagraves People Lease Rose Shoppe

The location and fixtures of Mrs. G. Cleve Dunn, known as the Rose Shoppe, were leased last week to Mr. and Mrs. Scott of Seagraves, Texas.

Mrs. Scott will operate a complete line of Ladies' Wear in this place, having already placed on display quite a heavy supply. They have been very busy this week getting things moved and ready for business. They do not plan a formal opening but are this week making an announcement. More will be learned about these folks, who after looking around over a big territory, decided that Hamlin is the "Best Place." They, like all new comers, have a responsibility in helping keep Hamlin the "Best Place," therefore the Herald welcomes Mr. and Mrs. Scott to our "Friendly Hamlin."

Mrs. Vaden Lester of Neinda, a daughter of Mr. and Mrs. L. F. Cozen of Boyd Chapel community, was taken to the Abilene hospital Tuesday for an operation for appendicitis.

Miss Juanita Riddle, daughter of Mr. and Mrs. John Riddle of the Plasterco community is in the Sealy Hospital where she had a major brain operation more than two weeks ago. She is reported doing fine.

Mrs. D. J. Payne, of Amarillo, spent the week end here visiting friends. Mrs. Payne and her husband, the late D. J. Payne, were pioneer business people of Hamlin. The past year Mrs. Payne began operating a flower shop in Amarillo. Her short visit the past week end was especially appreciated in Hamlin by her host of friends—and it was equally enjoyed by Mrs. Payne.

Mr. and Mrs. Jurdos Boyd of Mineral Wells, Stanley Weaver of Lubbock and Miss Mary Alice Ballow of Weatherford, were here this week end to visit Mr. and Mrs. Irvin Smith and little daughter, Benita Irene.

Starr Inzer's Car Was Stolen Friday Night

For fifteen years J. Starr Inzer had been getting out of his automobiles and leaving the keys. So he did last Friday night, at the curb just north of his store. About 11:00 o'clock he noticed his car was gone. It was not heard of til Thursday when the insurance company reported that they had located a car that fit in with all information borne by the Inzer Plymouth coupe. A man was sent to Brownwood to bring the car back. Who got it? That's your guess. Maybe some one just wanted to reach Brownwood. Everything points towards the big soldier camp at Brownwood these days.

CHURCH OF CHRIST

Our crowds are still increasing. Last Sunday we had visitors from Post, Dickens and Stamford in addition to Hamlin visitors. We are glad to have you. Won't you visit us too?

Last Sunday one placed membership with us. He stated that he wanted to work in the vineyard of the Lord with us and be our neighbor.

Since I am new in Hamlin, I am especially glad for one to say that he wants to be my neighbor. Let us consider the "Good Samaritan" and know what being a neighbor really means.

The Church of Christ desires to be your neighbor. Won't you attend services beginning next Sunday A. M. at 10 o'clock and Sunday P. M. at 7:30 o'clock and be friends with us?

Let's be friendly neighbors.

Minister of Church of Christ
Hamlin, Texas

Mrs. J. W. Alexander and daughter, Mary Lafon of Burkburnett, came down Sunday to visit her daughter, Mrs. Harry C. Dodson till Monday, when Mrs. Dodson and baby Barbara Jean accompanied them to Burkburnett for a week's visit.

THIS WEEK

A LITTLE BIT ABOUT

This

AND A LITTLE BIT OF

THAT

Armistice Week, 1940:

Monday was a peculiarly sad day, even to us Americans here in quiet, safe Hamlin. Not sad in the sense of something that has happened but sad because of world circumstances whirling about us. The beautiful clear peaceful Texas skies above had no hum and drone of terrible death; the balmy sunshine bathing a care-free people, bent on enjoying a national holiday that has lost its spirit; the sounds of far-off anthems and bursts of oratory . . . all, everything had that doubtful ring of "what shall the next armistice day bring."

The Armistice Day of 1918 will fade away as a sad memory of a misused opportunity of this mighty America to really make the world safe for Democracy — a new Armistice Day will come, we believe, and the lessons of 1918 and 1919 will bring forth a new world, made safe for Homes, Mothers and Babies.

—T&T—

Now Thanksgiving:

Just around the corner is the National Thanksgiving Day. To all of us that day has always been the last Thursday in November, but

there is nothing so sacred about "just the day" as to cause its date to remain forever on the last Thursday in November.

To make a longer span between Christmas and Thanksgiving, President Roosevelt has set aside the "Third Thursday" in November as Thanksgiving Day, and in most of the states the governors have followed by declaring that day to their people. So from here on till someone or some circumstances make it otherwise, Thanksgiving comes on the "Third Thursday" in November. This year it is on November 21. Take two days if you wish, but be sure to be Thankful all the days for the blessings of being in a country where people may accept or reject and still be safe and free. Yes, this country has more than it needs, more than it can use of everything, but nothing should be abused.

—T&T—

About War:

Three cheers for the Greeks. They are as good as the Finns, and if all the small nations had set their hearts at the same time to buck up and fight back at the Dictators, maybe the Mother Country of Liberty would not now be having such a hard time. There is no time to hesitate and be timid when a robber, thief, murderer and hellish fiend is running wild in the world. Only if that earthquake could have split Italy wide open and let old Muss fall into the crack.

The Germans have finally found why and how the English are able to hold them back; because they have as a basis of their make-up Germanic blood. There is something to that, but there is more. English people have 1000 years of freedom back of them on which back up their "Germanic" characteristics. Most Germans' minds do not "savvy" what it is that makes

a people fight to the last ditch against their dastard murdering. It is called "spirit."

—T&T—

Here In Hamlin:

It might seem that Hamlin people are disloyal when we tell you that Hamlin people have a big day coming up on Thursday, November 28. Arrangements have been made for a big foot ball game here between Anson and Hamlin. To permit as many as possible to see what might be the determining game that will put the Pied Pipers into the district Champion place or put them out, the school board has decreed November 28 "their Thanksgiving Day." So forget Hamlinites, about November 21 and set your sails for the 28th. Just be thankful on the 21st and keep going till the 28th. Under the circumstances, maybe Hamlinites will be forgiven for not falling into the National Line. Just talk it around and over and under and maybe there will be but little confusion.

—T&T—

In Hamlin:

There are a lot of people who seek somebody else to do their grumbling or prodding. Not many people enjoy grumbling; however, many of us certainly do a lot of it. Some people freely express themselves and pile upon their heads a lot of uncomplimentary remarks for "smart guys," and that is where the newspaper man comes in. He is urged every week by somebody to jump on somebody about "this and that." Now it is said that a person can become accustomed to anything. So whatever you care to say about this "columnist" just hop at it, as we are long ago familiar with the approach, "I got a crow to pick with you." Generally a newspaper man has a firm footing before he steps on anybody's toes. Some people become so drotted lazy they do not move and need their toes thoroughly crunched. There is one place in every community where there is no room for a lazy person . . . the newspaper office . . . that guy has to hustle to keep out of the way of the others.

—T&T—

For Example:

The other day one merchant, in fact, everyday somebody asks us to

pound down on "them" about Hamlin's main street. Meaning about the holes and the double, crazy parking habits permitted in this man's fair city.

It has been a long time since anybody was killed on our business street. Some folks are afraid to make any changes for fear somebody will get killed. Some on the other hand fear if something is NOT done, somebody will be mangled. All this might be just mental activity.

Facts of all this street talk are that there are a jillion holes in the street that makes driving one big BANG and rattle. Big trucks, great weights, and places where somebody dug up great sections of the paving that could not be replaced, have caused it to be quite unsatisfactory. Yes, the Highway Department recognizes the few blocks that run through Hamlin are a part of the "system" and they are anxious to do some repairing. But when on Saturdays, nights, and all the time cars are so deep in the streets at times till hardly one can worm thru, there is not much incentive to do any repairing. Some of us have not seen all the other towns and maybe everywhere traffic is permitted to jumble up on the streets as it does here in Hamlin, and maybe not. Besides double parking, jaywalking, etc., there is another thing in the traffic to be noticed. It is the way "Bottling" trucks and bottling peddlers hog the street. There are about six or eight that make Hamlin every day. They stop right out in the street and sometimes stand for a quarter of an hour and not a driver in sight. Just as well permit a fruit truck or any kind of peddler to do likewise.

The streets and sidewalks of Hamlin were set aside for public use and it is a common thing to see business hogging the space and let the passers-by be hanged. Not one single inch of a sidewalk should be used for storing and displaying, or serving goods to the public. Who wants to keep up the double parking? What merchant, what farmer, who anybody?

—T&T—

About Street Markers:

Did you know Hamlin has her streets pretty well "labeled"? Begin now to locate your place by street and avenue. One thing is DISAPPOINTING, however, about the markers. It is a daily question by somebody as to why the markers are painted so white and are so attractive on Central Avenue, Union Avenue and Jackson Avenue, as far up as the High School, and in all the rest of town the markers are left in the raw concrete color. We called one of the Councilmen's attention to that the other day and he said, "You're telling me." We checked up and so we told him it looks like the Mayor and three of the Council put it over on Bob Barrow and Clyde Wilson. Bob and Clyde are the only ones on the Council whose corners have markers not painted.

Seriously all the street markers should be white as snow because white markers are easily seen against grey curbing, grey weeds and grass, on rainy, dark nights. Fellows, let's finish a good job started. Paint the markers, and make a good start a finished job. Brightly painted street crossing markers might save a life. Let's paint 'em.

George Dean, son of Mr. and Mrs. R. S. Dean, came Thursday of last week from the Naval Air Station, San Diego, California, for a visit with relatives and friends during his 25 day furlough. He has been in the service one year and four months. George accompanied his parents to Hamlin after they had made a brief trip to California, just to see the sailor son.

Girls Are Advised To Build-Up For Relief

Lack of knowledge causes many a weak, undernourished girl a lot of suffering!

Many others, however, know how the headaches, nervousness, cramp-like pain of functional dysmenorrhea due to malnutrition are helped by the proper use of CARDUI.

Some take it a few days before and during "the time," to help ease periodic distress. But CARDUI's principal use is to help increase appetite; stimulate the flow of gastric juice; so aid digestion, assist in building up physical resistance and thus help reduce periodic distress. Women have used CARDUI for over 50 years.

Miss Constance Teague spent the past holiday in Denton at the Teachers College as a guest of Miss Lois Ellen Stell. One of the attractions was a big banquet at the college.

REPOSSESSED FARMS FOR SALE

I have a considerable number of repossessed Loan Company farms for sale. Very small cash payments, long terms, and very cheap interest. These farms are selling fast. See me as quick as you can. Lots of tenant farmers can buy these farms with the terms offered.

H. O. CASSLE
Over Bank In Hamlin

W. C. MEDFORD ESTATE
TO SELL

This estate consists of approximately 335 acres of very fine level land, 257 acres in cultivation. Large two story house and a large almost new well constructed, barn, city water and a fine large tank in pasture, and electric lights can be connected. Heavy black land adjoining the city limits of Hamlin, Texas. The farm is all broken, in excellent condition for sowing grain. Can give immediate possession.

In this estate is also a number of lots and blocks in the Medford Addition, and two available lots, well located on Main Street in Hamlin.

I will sell this estate all together or in separate lots.

I am not quoting a definite price, but I am receiver for this estate with orders from the Court to sell. I very cordially invite your inspection of this property and if at all interested get in touch with me at once.

I am going to sell it.
H. O. CASSLE, Receiver
Over Bank In Hamlin

T. M. HILL ESTATE FOR SALE

I am going to sell at least a part of this fine section of land located about two miles Northeast from Hamlin, all in cultivation. No better land than this in this community.

Selling to pay debts. I mean business. Please see me at once.

H. O. CASSLE
Attorney-in-Fact for Hill Estate

Mr. and Mrs. Roy Murff have moved from Roby back to Hamlin, and Roy is now Service Manager for the Shipp Station in South Hamlin. Roy has retained that "million dollar smile" even though he has been away from Hamlin for six months.

Mr. and Mrs. C. D. Crumley and little daughter, Connie June, who had been guests in the home of her parents, Mr. and Mrs. N. J. Caudle, returned Saturday to their home in Sonora.

Mrs. S. C. Byrd returned Tuesday from Ennis where she had visited her mother.

Mr. and Mrs. James Dunlap and children, Billie Dean and Joann spent Sunday and Armistice holiday with relatives in Matador and Glenn.

Mr. and Mrs. Harrison Hooper and their mother, Mrs. L. P. Cozens of Abilene went to Moody for a short visit Sunday and Monday.

Robert Fowler returned last week from a visit in Wyoming, South Dakota, and Lincoln, Nebraska, with relatives.

lines of another great conflict, wondering how long it will be until a substitution is made and we shall go into the game. Let's hope the game will end before this substitution is made. With the forebodings of war in our minds, may we have a thought for the men and the mothers of men who were set free on November 11, 1918, twenty-two years ago. They deserve at least a thought.

JUST A LITTLE HUMAN KINDNESS

By Craigolene Elmore

"Who is Uncle Jimmy?" someone might ask? He is just a kind-hearted old man, who loves children. Yet, on several occasions I have heard children, and parents as well, say that they think he should be sent to some home. When I was very small I remember "Uncle Jimmy" talking to me and telling me that he loved children but that he did not have any of his own to love, so he had to be content by loving other peo-

ple's children. I have never known of his harming anyone; yet, people think they must avoid being in his presence. From now on, let's be kind to an old man who has no children of his own to love.

IS THERE ANYTHING IN A NAME?

Have you ever noticed that most people have an aversion for their middle names? While snooping, I have learned the middle names of some of the students and teachers.

SCHOOL NEWS—Galley IV A THE BOOK WORM

The sole purpose of this column is to tell the students of Hamlin High school what may be found in the library. Old Browser enjoys reading. By pointing out the good features of various periodicals and calling the attention of the readers to good articles from time to time, Old Browser sincerely hopes that the true Piper will take advantage of one of the greatest opportunities that this school offers.

Among the forty-six new books in our library is One Of Ours, in which Willa Cather tells the story of Claude Wheeler, who lived on a farm but hated it. When he went to Europe to fight in the World War, he said he was never coming home.

The ending will give the reader a big surprise.

If you want to write for the school paper, read Journalism And The School Paper. It is an interesting book from which one can learn how to write different types of ar-

I had an idea what was coming, but I never batted an eye.

"I understand, Mr. Electric Light man," she said, "that you've been saying electric rates have been cut."

"Right," I said, "in fact, electric rates have been cut about 50% in the last ten years."

"Ha," she cried, "then maybe you can tell me why my electric bill runs higher now than it used to."

"Yes, madam," I said, "I can. Mine runs higher, too, and so, no doubt, does most everybody's in town. You see, all of us are using a whole lot more electricity now than we used to. Take your own case—I'll bet you've got a vacuum cleaner, a radio, an iron, maybe you're using those bigger and better light bulbs, and maybe you've got an electric ice box. The point is, you're probably using three or four times the electricity you did ten years ago!"

"Hmmm," she said, "I hadn't thought of that."

"Few people do think of that," I said, "and here's another thing—our customers not only get twice as much electricity for their money

—they get better service. We've got two and three plants on the line that brings electricity to your very house, so in case something happens in one point your service won't be crippled."

"Dear me," she said, "I never knew that either."

"And what does it cost?" I went on. "About a dime a day for most of our customers. Think of that—the convenience of electricity for less than most men spend on cigarettes."

I could see she was beginning to wilt, so I signed off with—"You not only get twice as much for your money, but you cut your own rate every time you use more. With our modern electric rates it's automatic—the more you use the lower the price."

She fished in her bag for her handkerchief and I thought maybe my oratory had moved her to tears! But she grinned and waved the handkerchief—

"Flag of truce," she cried. "I give up—electricity is a bargain all right."

ticles.

Interesting books and articles on the subject of "Americanism" will be found in this column each week.

Phyllis Merrill's "What Americanism Means To Me" offers helpful suggestions to students writing on this subject. This article is in the December issue of The American Magazine.

Thomas Mann's "The Coming Victory of Democracy" is said to be one of the most important books of the year.

There is no frigate like a book
To take us miles away,
Nor any couriers like a page
Of prancing poetry.

Emily Dickinson

GOOD ENGLISH CONTEST

All of the students of Hamlin High school are participating in a campaign for better spoken English. The Seniors and Freshmen are seen with green cards and are listening for errors made by Sophomores and Juniors; while the Sophomores and Juniors, with yellow cards, are trying to detect errors made by the Seniors and Freshmen.

Each student has been issued ten cards. When he hears one of the opposing side make an error in English, he writes the error on one of his cards and writes his own name on the other side. The person making the error must sign his name below the errors. Then the card is dropped in the box or given to one

of the English teachers. The side having the smallest number of errors wins.

The contest closes Nov. 21, at which time the Good English posters made by all the students will be judged by competent local judges, and awards will be made to the winners.

The students are urged to show a keen interest in both of these contests and help improve spoken English in Hamlin High school. A good slogan is "Speak Good English and it will speak for you."

PEP ASSEMBLY PRESENTS "PARADE OF THE STARS"

Friday morning the student body assembled in the auditorium for a good old pep rally.

After the band played one number and began the "Victory March," the twenty Pipers with both coaches marched on the stage. The student body sang the "Pipers' Song". Norman Lasseter then introduced the program. R. A. Dean blew "The Whistle." The band played "The Kickoff." Bobby Barrow called "Time Out." Tommy Hill told "How the Players Feel About Raspberries," and Jack Ellison talked on "The Football Player's Conception of Good Sportsmanship." Coach Smith drew diagrams on the blackboard to illustrate some of the quick action plays. He also demonstrated some of the signs the referees use.

After each speaker led by the pep leaders, the students rocked the building with cheers and yells.

Grammar School News of The Week

The Elementary school has been having a good assembly program each week. Last week Miss Vaughan's fifth grade room rendered an excellent program which had been well prepared.

Thursday was the full day of the week. The Swenson Elementary school foot ball team came over for a return game. Since we had defeated them the previous week on their field, they asked us to make some concessions in their favor, which we did at considerable loss to the strength of our team. In spite of this, we had a good game to the score of 20 to 0 in our favor. Beside the naturally good players and well coached plays our team was unusually pepped up by the fact that the whole school marched down in a body to see the game. Moreover, the High school came out to see the game.

The P. T. A. met Thursday afternoon with a good attendance and an interesting program. The first and second year pupils furnished a part of the program; and as is always the case, it was good.

We hope to have another good football game this coming Saturday morning. So be on the lookout and come to see the thriller of thrillers.

GOOD ENGLISH, A QUALITY OF PATRIOTISM

By Phala Davis
A knowledge of good English is essential to a cultural background. To be able to speak good English is an accomplishment of which one may well be proud.

Most High school children simply do not think about what they are saying. By using slang and colloquial expressions in fun, students form a bad habit that is difficult to break. To boys and girls, speech without slang would be like food without salt, but we do not believe in over doing it.

A large vocabulary is an invaluable asset. It is very embarrassing to be in ignorance of what the other person is talking about because we have not bothered to find out what the "big words" mean. The dictionary habit is a good habit that is easy to form and should be cultivated by more students. Every time we hear or read a word we do not understand we should look it up in the dictionary.

The correct pronunciation of words is very important, too. When we are not sure about the pronunciation of a word, it is a simple matter to look it up in the dictionary. High school students need to think more about good English and not regard those who try to use good English as sissies.

Using good English is a patriotic duty. We should have enough respect for our language to want to be able to use it correctly. The use of better speech will help build better Americans. We should honor our FLAG, our COUNTRY, and our LANGUAGE.

ADDING MACHINE PAPER: Single roll 15 c; 2 rolls 25 c—for sale at The HERALD.

PIPERS "WADE" THROUGH MUNDAY MOGULS 20-0

The Hamlin Pied Pipers defeated the Munday Moguls 20-0 in a drenching rain Friday night. The first quarter looked as if the game would be a punting duel, but the Pipers started to work in the second quarter.

The first touchdown came when Tommy Hill took a punt on his own 28 yards line and ran it back 72 yards to cross the goal line. Johnson ran the ball over for extra point.

The second Piper tally came early in the period when Bobby Barrow fell on the ball which Munday fumbled. Johnson made the final plunge that put the ball across. Then Johnson passed to Hill for extra point.

It looked as if there would be no more scoring but the unexpected happened again. Johnson kicked a long one downfield. The Munday boy took it on his own 15 yard stripe, was hit hard by "Dub" Brown and fumbled. Then a Piper fell on the ball. Again in three plays Johnson crossed the 0 stripe to make the score 20 to nothing. Johnson's dropkick for extra point failed.

BACK THE PIPERS

By Norman Lassiter

Folks, there is one thing certain, if mud and big bulls like Munday had can't stop the Pipers, nothing can. These boys are playing hard for a district championship, but they will need support. Let's every one back them until the final whistle blows.

I admire the people who came to the game and yelled for the Pipers despite the rain. I know the team and the coaches really did appreciate it.

NATIONAL HONOR SOCIETY PRESENTS PATRIOTIC PROGRAM

The Hamlin chapter of the National Honor Society presented a very impressive patriotic program Wednesday morning in the auditorium. R. A. Dean, who presided, announced the purpose of the program. Minister L. G. Savage, pastor of the Church of Christ, gave the invocation.

Billy Joe Burton and Glen D. Adkins presented the United States Flag and the Texas Flag. After the audience sang "The Star Spangled Banner," Mr. Clyde Smith led the student body in the Pledge of Allegiance; Marguerite Nobles gave the "History and Meaning of the United States Flag" written by Hon. J. William Ditter. Joyce Hudson told Captain Driver's "I'll Call Her Old Glory," Harold Fletcher delivered an oration, "The Only Ism for America—Americanism" written by Hon. George H. Bender. A baritone solo was played by Milton Fletcher. Rev. John W. Hendrix pronounced the benediction.

STUDENTS SEE REPTILE SHOW

Under the sponsorship of the Sorority of Zoology, a reptile show was the reason for the assembly on Tuesday morning. The trainer had a number of lizards and serpents of various species, which she displayed to the student body.

Among the reptiles were the Chinese Dragon, Boa Constrictor, Leopard Inguana, Gila Monster, Baby Crocodile and Alligator, which have very strange habits.

The lecturer included the care and training of the reptiles. Distinction was made between poisonous and non-poisonous snakes according to teeth.

SCHOOL NEWS—Galley II

EX-PIPER HOME ON A FURLOUGH

The tall, square-shouldered young man seen around the school building and around town quite a bit the latter part of last week was George Dean, who is in Uncle Sam's service at San Diego, Calif. He is home on a twenty-five day furlough which began the fifth of this month. Dean is with the Air Force Division of the Marine Corps. Loyal to Hamlin High as well as to his country, George wore his green and white football service jacket over his uniform khakis. He played half-back on the Pipers' eleven while in Hamlin High.

You could tell by the happy look on George's face that he was glad to be back. He is in the service for four years, with two and a half to go. He says that he has seen the world, and he likes the adventure and experience, but he thinks that four years will be enough for him.

PIPERS GO SNOOPING

Have you noticed our drum major? We call him "Curley". Can you imagine why? We wonder how he would look with his shirt tail in. Honest, Paul, you're o. k. just the way you are.

Is it true Harold Fletcher can s-s-smell a leak? Ask him.

We wonder if a certain senior queen really has a gift of prediction. She predicted a fall and boom, and it came. Joyce was the victim.

Don't you think Milton Fletcher looks cute caught in the door?

We wonder what was wrong with Hope Cade's hair Friday afternoon. Could she have done it all for a certain football player? (No. 30 to you!)

Why does Charlotte Dillingham like to read Gone With The Wind so well? Could Alvin Johnson and Rhett Butler have anything in common?

We would like to know that certain person's name that called on Miss Whiteley Friday afternoon. Ask her. Did we see the same man talking to Miss Willis?

Ask Milton what color pants he planned to wear to the football game Friday.

What interest does Kelly Field hold for Julia Pitcock?

Murle, don't cry; he will come back soon.

What blue-eyed, baby-faced, . . . blond holds Carl Barton's interest at the present? I hear she's from

Ages of History.

He restoreth my chewing gum for my own sake.

Yea, though I sit up all night to prepare my lessons, I will fear bad grades, for he is with me. His tongue and his ruler, they lasheth me.

He poppeth a demerit to me in the presence of my classmates; he annointeth my report card with red ink, my eyes runneth over with tears.

Surely, boys and girls, ignorance shall follow me all the days of my life and I'll have to attend H. H. S. the rest of my life.

SCHOOL NEWS—Galley III

IN SPECIAL ASSEMBLY

V. A. BOYS RECEIVE AWARDS

Last Wednesday, Nov. 6, the student body and the school faculty enjoyed a very impressive assembly program.

Mr. Jessie B. Briscoe, representative of the Santa Fe Railroad presented the Hamlin livestock judging team with certificates and checks as awards from the Santa Fe railroad for winning the state contest in judging livestock.

The four F. F. A. students who received awards were Daron Switzer, S. C. Ferguson, Glen Winslett, and Joe Sam Gray. Each of these four boys and their coach, Mr. Robt. Campbell, received a certificate and a check for \$42, to defray expenses for the trip to the National F. F. A. Stock Judging Contest, which will be held in Kansas City, Kansas, Nov. the 11th.

Other Santa Fe officials present were Mr. E. A. Tusha, Mr. H. R. McKee, Mr. Paul Winstead, and Mr. G. H. Menchen. As each of these Santa Fe officials was introduced, he made a brief talk expressing his appreciation for the F. F. A. club work.

Mr. Ttate May, vice-president of the Hamlin Chamber of Commerce,

expressed his appreciation and said that the bank would furnish the frames for the certificates as an expression of appreciation.

Other talks in behalf of these boys were made by Mr. G. R. Bennett, superintendent of the Hamlin schools, and Mr. Tom Teague, chairman of the Board of Education.

MR. TATE MAY EXPLAINS

VOTING TO STUDENTS

Voting became a reality to some of the future voters of Hamlin on Tuesday, when Mr. Tate May, first vice-president of the Farmers and Merchants Bank, explained the process of voting to the three civics classes of Hamlin high school. Using the official ballots, he showed the various steps a voter must take in voting a straight Democratic ticket or a split ticket. Voters do not vote directly for the president, but they vote for the electors who are elected in the way the State legislature sees fit. Mr. May called the attention of the various classes to the four amendments at the bottom of the ballot.

ARMISTICE

By W. D. Bristow

On November 11, 1918, many hearts were made glad, both in Europe and in America. As most of us know, this was the date of cessation of hostilities in the World War, the signing of Armistice between the Allies and Germany. Many of the older people of this nation today know what that really meant. Many had boys engaged in that conflict, and many were the victims themselves. To both, November 11th means a lot. It brings back memories of that original day when the boys were set free—free from the mighty hands of war. Monday, November 11th, we sat on the side-

SCIENCE GUARDS America's telephone service

Men of science watch as fantastic apparatus enacts an unrehearsed drama before their eager eyes . . . nearby, other research experts peer into their microscopes . . . in another room, laboratory technicians put through grueling tests some new and better part for America's telephone system . . .

The scene is the Bell Telephone Laboratories where nearly 5,000 scientists and assistants explore the unknown to build a better telephone service for America. Today their thousands of inventions and developments serve America.

By modern scientific methods huge telephone cables are made and buried underground, guarded from floods, fires, storms, and other disasters. Some of the more important cables are filled with gas, so that the smallest leak in the lead covering sounds an automatic alarm, summoning repair crews.

America's telephone system, guarded by science, is armed to withstand many attacks which a few years ago might have silenced thousands of telephones and isolated many communities.

Today Americans, in any emergency, turn to the telephone, knowing they will receive fast, dependable service.

Junior Schubert Club Met November 7th

The Junior Schubert Club had its regular monthly meeting Nov. 7 in the home of Miss Edwina Gilbert.

The following are new members of the club: Hope Cade, Charlotte Dillingham, Bobby Wilson, Craiglene Elmore, Maxine Poe, Jo Barton Courtney Ann Magee, Ellis Benham, Paul Fowler, Billy Raymond Armstrong, Glen Richardson, Richard Young, Buford Jackson, Virginia Brown, and Verla Branscum.

Marguerite Nobles, who was the delegate to the Vernon convention, gave her report. Buford Jackson played "Gypsy Rondo," the number he played at the convention. Selma Hassen gave part of the life of Paderewsky.

The new officers for the year are President, Harold Fletcher; Vice-President, Selma Hassen; Recording Secretary, Marguerite Nobles; Corresponding Secretary, Phala Davis; Treasurer, Milton Fletcher; Reporter, Joyce Hudson; Parliamentarian, Herbie Fay Johnston; Custodian of the Scrap Book, Dorothy Fern Routh. Miss Edwina Gilbert and Mrs. Glenn Caffey are the sponsors.

—Reporter

Mrs. Fowler Hostess To Colonial Club

Mrs. Paul Fowler entertained the Colonial Club in her home Tuesday afternoon. Chrysanthemums decorated rooms where games of bridge were played.

Mrs. J. E. Moody held high score for the club, and Mrs. Q. Martin for guests.

A salad plate with coffee was served to Mmes. B. M. Brundage, Elmer Feagan, Q. Martin, J. E. Moody, Holly Toler, Frank Waggoner and Ernest Yates.

Mrs. James Honored On 87th Birthday

Open house was held Sunday afternoon in the home of Mrs. Emma V. James, when she celebrated her 87th birthday. The celebration was kept a secret from the honoree, until a beautifully decorated birthday cake was delivered to her home Sunday afternoon and the first guests began to arrive.

As guests called, the cake with coffee was served by her granddaughter, Mrs. Ray Crowell, of Abilene. Mrs. James received many gifts and flowers from her friends, and relatives.

Emma Ray, daughter of Mr. and Mrs. J. J. Ray, was born November 10, 1853, in Claiborne, Alabama. She was married to G. W. James in 1871, and in 1875, moved to Texas, traveling in an ox wagon to settle in Bell County.

Mr. and Mrs. James were among the early pioneer settlers of Hamlin, having come to this town in 1907 when it was first established.

Her 2 living children reside in Hamlin, Miss Mae James, who is a teacher in the Hamlin Elementary school, and O. W. James, who is engaged in furniture business. Others attending the celebration were: Bob Newman, grandson of Abilene, and Mrs. Ray Crowell, granddaughter and her husband, of Abilene. Grandchildren who were unable to attend were Mrs. S. C. Leek and Mrs. I. V. Terry, of Los Angeles, California, and Kenneth Newman, of Abilene.

Mrs. James is noted for her love of plants and her hobby is growing various types of flowers in this climate. Especially outstanding are her ferns and chrysanthemums.

ADDING MACHINE PAPER: Single roll 15 c; 2 rolls 25 c—for sale at The HERALD.

Methodist Women Observe Week of Prayer

Members of the Woman's Society of Christian Service of the Methodist church observed the Week of Prayer, with an all day program on Monday, Nov. 14, at the church, with thirty women attending.

New Roads Untried was the theme of the study. Mrs. Tom Teague directed the morning program which was opened with music. Meditation was given by Mrs. R. L. Moore followed by a prayer by Mrs. Carl Clifford. Others having parts on the program were Mrs. Burnett, Mrs. Holly Toler, Mrs. John W. Hendrix and Miss Opal Cory.

A covered dish luncheon served in the basement of the church was enjoyed at the noon hour.

The afternoon session was opened with prayer by Miss Eleanor Temple. Mrs. S. E. Brooks directed the program and discussed the topic, "Uprooted Americans." Others assisting her were Mrs. Clifford and Mrs. Earl McLemore.

Mrs. Cassle Hostess to Twentieth Century Club

Mrs. H. O. Cassle entertained the Twentieth Century Club in her home, Thursday afternoon of the past week.

Chrysanthemums were attractively arranged in the entertaining rooms where games of bridge were played.

At the refreshment hour a salad plate with cake and coffee was served.

Those present were Mmes. J. L. Keen, J. F. Taylor, Fred B. Moore, J. W. Ezell, J. T. Bynum, D. O. Sauls, and Q. Martin.

Hamlin Girls Honor Students At John Tarleton College

Stephenville—By being on the preliminary honor roll, Eva Louise Fowler and Gloria Stewart of Hamlin, Texas, have achieved a great distinction at John Tarleton College. Of the 1300 students at that institution, 115 were on the honor roll. Fewer than 10 per cent of the students received this honor. To gain this rating, one must make at least 80 in every subject for that preliminary.

Dean J. Thomas Davis, head of the Tarleton College, complimented these outstanding students in an assembly period recently. He cited statistics to show that success in college was an indication of success in later life.

"In all phases of activity there are some who rise above their associates by virtue of their ability and effort," the Dean said. "This habit acquired in school carries over into after life," he commented.

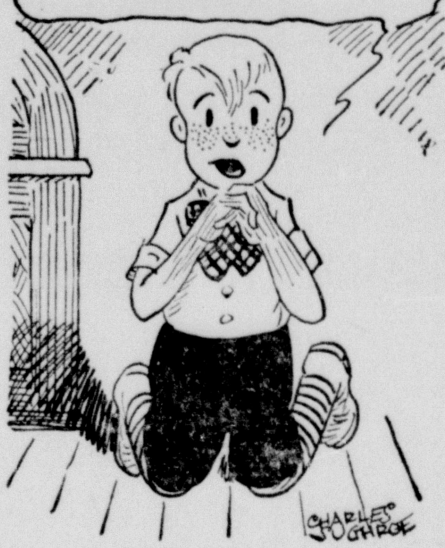

—Tarleton News Service

Announcement is made this week of the marriage of Miss Inez Newell formerly of Hamlin to Mr. Ozir Haggard in Amarillo on Oct. 11. Information also is that Mrs. Haggard will make her home in Hamlin while her husband is in a military training camp. Mrs. Haggard had lived in Amarillo for some time with her mother, Mrs. Mozell Harrell.

Mrs. Ted Bledsoe, Mrs. B. M. Brundage, and Miss Camille Smyers spent the week end in Fort Worth. They were accompanied by Mrs. J. F. Taylor who is spending the week with her son, Attorney Frank Taylor, and wife.

A Gentle Laxative Good For Children

Most any child who takes this tasty laxative once will welcome it the next time he's constipated and it has him headachy, cross, listless, with bad breath, coated tongue or little appetite.

Syrup of Black-Draught is a tasty liquid companion to the famous BLACK-DRAUGHT. The principal ingredient is the same in both products; helps impart tone to lazy bowel muscles.

The Syrup's flavor appeals to most children, and, given by the simple directions, its action is usually gentle, but thorough. Remember Syrup of Black-Draught next time. Two sizes: 50c and 25c.

ENVELOPES—all kinds and sizes up to 12 X 15 1/2 inches at The Herald

Be Quick To Treat Bronchitis

Chronic bronchitis may develop if your cough, chest cold, or acute bronchitis is not treated and you cannot afford to take a chance with any medicine less potent than Creomulsion which goes right to the seat of the trouble to help loosen and expel germ laden phlegm and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes.

Creomulsion binds beachwood essence by special process with other time tested medicines for coughs. It contains no narcotics. No matter how many medicines you have tried, tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough, permitting rest and sleep, or you are to have your money back. (Adv.)

Thursday the Herald had a pleasant visit from Rev. C. C. Evans, who recently moved into Hamlin to be missionary for the North Colorado Baptist Missionary Association. Rev. Evans has apartments with Mrs. McGee on Central Avenue.

POT SHOTS FROM M'CAULLEY

— BY GEO. DARDEN —

Mrs. James B. Wall and daughters are visiting Mrs. Wall's parents, Mr. and Mrs. S. E. Miers and other relatives in McCaulley for 2 weeks.

Mr. and Mrs. M. A. Darden of Girard were visiting in the home of their son George and family on Sunday and Monday.

O. R. Burnham who has been ill for some time is reported to be improving.

Mr. and Mrs. June Rhoten are the proud parents of a son. Their home is at the gyp mill.

Mr. and Mrs. L. C. Houghten are announcing the birth of a son. L. C. is bookkeeper for the Gypsum Co.

Mrs. W. M. Keller who has been sick is better at this writing.

Mr. and Mrs. Turner Beard, of Itasca, Texas, visited in the home of Mr. and Mrs. L. E. Rector and Mrs. W. M. Keller last Sunday and Monday.

One hundred and ten railroad men have moved into McCaulley for a week's stay. They are at work for the Santa Fe, laying new steel.

Mr. and Mrs. Lon Andress spent the 11th with their parents, Mr. and Mrs. Andress of near Hamlin.

A number of McCaulley citizens attended the foot ball game between Rotan and Colorado at Rotan the 11th.

John Caldwell, uncle of Mrs. Ben Kemp, passed away at the Kemp home Sunday night. Mr. Caldwell was eighty nine years of age.

Mr. and Mrs. Leiland Clifton were visitors over the week end in the home of Mrs. Clifton's parents, the Louis Rectors.

Old Jack Frost has been here and winter is approaching fast. Not too many days until Christmas and the best Christmas we know of is Peace in these United States. We are lucky to live in the Western hemisphere where we can go to bed at night without thinking we may have to rush to air shelters before dawn. Some of the boys are receiving their selective service questionnaires. Our guess is that we have enough volunteers from this county to supply the demand.

Fire destroyed the car of J. I. Parker Monday night. It is thought that a short in the wiring caused the fire.

Armistice day was celebrated by McCaulley folks in various ways. Some went to ball games, some went fishing, hunting and others stayed at home by the fire.

Wiley Martin of Abilene visited his parents, Mr. and Mrs. G. W. Martin Armistice Day.

L. E. Rector has been on the sick list with a light case of flu.

Mr. and Mrs. Ben Kemp and son Fred attended the funeral services of John Caldwell in Iradell last Monday.

It is vital to the successful enforcement of the Monroe Doctrine that everything possible be done to draw closer the ties of trade and amity which already exists between Latin America and the United States. It looks now that Russia is going to link up in some shape, form or fashion with the Axis powers, however it can't be safely predicted the outcome of that mess over there. We the people, only hope for a better understanding with all of the people of the Western Hemisphere and with England. Most of us believe that sooner or later we will have to fight for the principles which we believe to be right. The only safe course is to recognize that although we are still at peace, the future is so menacing that we must act as if we were already at war. Our National Defense program will undoubtedly put thousands of men to work and there are plenty of men who need the work. In fact when we see all able bodied men employed, we can figure on a happy, prosperous nation. An ambitious people with a desire for peace will in the end reach their goal even if we have to fight for the same principles that our forefathers fought for.

A Darden-O-Gram.

WISE CHAPEL NEWS

By Catherine Drake

Old Man Winter has got here at last. A light frost fell Tuesday nite. When winter comes Thanksgiving is just around the corner.

W. C. Bush of Post visited Miss Maggie and Sam Bush Saturday.

EVERY HOME IS BUILT AROUND ITS WINDOWS

Sponsor of Famous World's Fair
Home Points Out Importance
of Good Windows

By W. Wadsworth Wood, Director,
National Small Home Bureau

New York City.—Few people when they build a new home, seem to realize the importance of windows. Yet every

W. Wadsworth Wood

home is built around them. This is literally true in two different ways. First, the frame of your house is actually built around its window openings. Take a look at a home under construction sometime. Notice how the framing timbers around every window opening are doubled.

Windows Determine Wall Space

Second, the arrangement of your rooms, the arrangement of your furniture, is all done around the windows. Available wall space is largely determined by windows. On the outside the architectural harmony is largely determined by the placing or grouping of windows.

Thus you see how important windows are just from appearance alone. But appearance, important as it is, is only half of the story.

Here are some of the other things that a good window should do:

Keep cold air out. Keep warm air in. Keep cool air in. Keep hot air out. Keep insects out. Keep dirt and dust out. Work freely under all conditions without rattling. Provide ventilation when open. Be watertight when closed. Let light in. Give clear vision out. Add beauty to your home. Harmonize with your style of architecture.

No other architectural feature in a house must perform so many functions.
